RUBBER SURFACE SOLUTIONS

CURVED EDGES

Curvedges is ideal for use around loose filled playgrounds such as bark and sand. The edging is engineered for fast, simple installation. No expensive concrete footings or excavation is required. Once installed, Curvedges looks like a continuous edge.

Additionally Curvedges offers fast, easy on-site installation.

3D SAFE RUBBER ANIMALS

- 3D Safe Rubber Animals to enhance play value
- Large variety of shapes, games and animals can be incorporated into your rubber surface

CSBR RUBBER

- CSBR is the most popular and affordable system available
- Custom designed surfaces for your themed play
- 3 Year Warranty on all surfaces
- Chemically bonded colour granules for a hard wearing finish

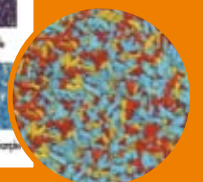

EPDM RUBBER

Sure Play supply and install two types of EPDM: MRI and Melos. This means you have maximum flexibility to choose the appropriate material for the job application in terms of: quality, colour and price.

COLOUR RANGE
